

Attorney's Docket No.: 10559/927001/P18716
Intel Corporation

REMARKS

Reconsideration and allowance of the above-referenced application are respectfully requested.

Claims 24, 25, 29 and 30 stand rejected under 35 USC 112, second paragraph, as allegedly being indefinite. In response, these claims are amended herewith for definiteness and the undersigned apologizes for any confusion. As suggested in the official action, the limitations of claim 22 have been added to both claims 24 and 25. Claims 29 and 30 have been amended to include the limitations of the claims 26 and 27. In other words, the Examiner's assumptions on pages 2 and 3 were correct, and these assumptions have been adopted.

The Examiner's helpful comments are appreciated, and it is believed that these amendments should render all claims in condition for allowance. A formal notice to that effect is respectfully solicited.

It is believed that all of the pending claims have been addressed in this paper. However, failure to address a specific rejection, issue or comment, does not signify agreement with or concession of that rejection, issue or comment. In addition, because the arguments made above are not intended to be exhaustive, there may be reasons for patentability of any or all pending claims (or other claims) that have not been expressed.

Finally, nothing in this paper should be construed as an intent to concede any issue with regard to any claim, except as specifically stated in this paper, and the amendment of any claim does not necessarily signify concession of unpatentability of the claim prior to its amendment.

Applicant asks that all claims be allowed. NO fee is believed to be due, however please apply any applicable charges or credits to Deposit Account No. 06-1050.

Respectfully submitted,

Date: January 27, 2006
